Hi there!

I'm Irene Bazaga, a passionate Junior Web Developer eager to leverage my skills and knowledge to contribute to innovative projects and thrive in collaborative team environments. ✨

## **Skills & Expertise:**

### Front-End Technologies:

- HTML5 (semantic markup, accessibility best practices)
- CSS3 (flexbox, grid layout, responsive design)
- JavaScript (ES6+, DOM manipulation, async programming)

### Frameworks & Libraries:

- React with JSX (components, state management, routing)

### Version Control & Collaboration:

- Git & GitHub

### Additional Skills:

- Web accessibility principles
- SEO fundamentals
- Project planning & workflow management

### I'm excited about:

- Building user-friendly and responsive web applications.
- Collaborating with talented developers and designers.
- Continuously learning and expanding my skillset.
- Contributing to projects that make a positive impact.
